

REMARKS

Claims 25 and 29 were examined in the non-final Office Action mailed October 3, 2008. Claims 25 and 29 stand rejected under 35 U.S.C. § 101 as directed to non-statutory subject matter.

Claims 25 and 29 are amended herein. No new matter is added thereby. Reconsideration and withdrawal of the rejection is respectfully requested.

A. 35 U.S.C. § 101 Rejection Addressed.

The rejection of claims 25 and 29 as not directed to statutory subject matter is respectfully traversed in view of the above amendments to claims 25 and 29.

Claim 25 now recites a useful, concrete and tangible result, by reciting the following limitations, which include re-ordering of the resolution of pre-requisite triggers, scoring the data sets, and performing at least one predetermined action:

resolving the plurality of pre-requisite triggers for subsequent ones of the plurality of data sets in an order based on the AEOTT rating;

scoring the plurality of data sets based on the resolving steps; and

based on said scoring, performing a predetermined action selected from the group consisting of blocking a URL, alerting an administrator and logging data.

Claim 29 now also recites similar concrete and tangible results. Support for the amendments are found at paragraphs [0032] – [0033] and [0078] – [0080] of the published specification.

In view of the above amendments, withdrawal of the rejection of claims 25 and 29 is proper and respectfully requested.

B. Conclusion.

Pending claims 25 and 29 are now in form for allowance and such action is respectfully requested. Should any issues remain, the Examiner is kindly asked to telephone the undersigned.

Although no fees are believed due, the Office is authorized to charge Deposit Account No. 50-1123 any fees associated herewith.

Respectfully submitted,
